# *About Me!*

At Benjamin Weddings, I offer a comprehensive range of wedding media and design services to make your special day truly unforgettable. Whether you're looking for high-quality media production or beautifully crafted print and design solutions, I'm here to bring your vision to life with creativity, care, and attention to detail.

## How It Works

We'll begin with an initial call or meeting to discuss your big day and how I can best capture it, ensuring everything is tailored to your vision.

As part of my service, I include a complimentary engagement shoot at your wedding location. This is a wonderful opportunity for us to get to know each other, explore the venue together, and help you feel relaxed and confident in front of the camera ahead of your big day.

To secure your date, a deposit is required at the time of booking, with the remaining balance due two weeks before the wedding.

## What Makes Me Different

One of the biggest frustrations couples often experience with wedding photographers is coverage ending shortly after the first dance. I do things differently — I stay for up to an hour after the first dance as standard, with the option to remain even longer at no extra cost, so those special late-evening moments aren't missed.

Another common concern is the long wait for photos. Many couples are left waiting three months or more — but not with me. I prioritise fast, high-quality editing immediately after your wedding.

Your final images will be delivered within just two weeks, rather than the typical 3–6 month turnaround.

# Photography

I've been a photographer for many years, working with businesses, brands, magazines, and in publishing — and it's through this experience that I discovered my passion for wedding photography.

I understand that wedding photography is a significant investment. The equipment, preparation, and time that go into capturing a wedding are considerable. However, what I don't agree with is the industry norm of long delivery times and limited coverage on the day.

That's why I've built my service around efficiency, transparency, and going the extra mile — ensuring you receive both exceptional quality and a better overall experience.

## What Makes Me Different

As both a photographer and someone who genuinely enjoys being part of such an important occasion, I don't stop at the first dance — I keep going.

I stay for up to an hour after the first dance to capture the energy, atmosphere, and those unforgettable dancefloor moments. My goal is simple: I don't leave until I'm confident every important moment of your day has been captured.

Another key difference is delivery time. While many photographers take 3–6 months to deliver images, I prioritise your memories. You'll receive your fully edited digital gallery within just two weeks.

## Price

- > Full Day Photography - £900.00
- > Half Day Photography - £450.00
- > Secondary Photographer - £300.00

## Videography

Photography is a wonderful way to capture special moments, but video offers a whole new perspective — from preserving the emotion of the speeches and the full ceremony, to capturing those unforgettable dancefloor moments in motion. Our premium wedding video package covers your entire day from start to finish, resulting in a beautifully edited 10–20 minute film that tells the story of your wedding.

You can personalise your video with your favourite songs, and we also offer fun, creative angles such as “Drunk Cam” and “Kid Cam” upon request. To top it off, drone footage is included, adding stunning aerial shots that truly elevate your final film.

## Price

- > Full Day Photography - £1200.00
- > Half Day Photography - £600.00

## ADD ONS

I love seeing couples get creative! If you have any ideas or inspiration from TikTok or Instagram, I'd love to hear them. We can recreate popular trends, capture unique moments, and use a variety of creative techniques and equipment to bring your vision to life.

### Polaroid Camera

Capturing candid photos with a Polaroid camera alongside digital professional images - £250.00

### Disposable Camera Table

I can provide disposable cameras for your wedding so your guest can capture unique photos from their own perspective.

5 cameras and digitalise images - £300

Extra cameras - £50 per camera

### Go Pro

Capturing videos from unique perspective such as chest mount camera, head strap and kid camera. Perfect to bolt on to the filming service.

## PAYMENT

For payment, we require a deposit upfront to secure your date in our calendar. The remaining balance is due closer to the wedding day.

We're flexible with the second payment—it can be made at the same time as the deposit or after the wedding, depending on what works best for you.
